

**Thermo Scientific
Gold Seal Slides**

**Thermo Scientific Gold Seal Slides
a clear advantage**

Thermo Scientific™ Gold Seal™ microscope slides are manufactured of high-quality, water white, corrosion-resistant glass. Each piece of Gold Seal cover glass is individually selected for precision uniformity in thickness, flatness and size. Thermo Scientific Gold Seal cover glass is made from pre-selected borosilicate glass and available in a variety of shapes and thicknesses. Applications include Hematology, Histology, Cytology, Microbiology & Urology.

Finished slides are sealed with a desiccant in an air-tight, lint-free, hermetically sealed Moistur-Barrier™ package, keeping the slides dry during shipping and storage. This sealed environment protects against surface deterioration, spotting and sticking. All slides are pre-cleaned and ready for use.

Both cover glass cases and slide boxes convert into convenient storage files.

Gold Seal Products – Microscope Slides

All slides are 1mm thick unless noted.

CAT NUMBER	DESCRIPTION	QTY/CASE
PLAIN SLIDES		
3010-002	Plain, 3" x 1"	25 gross
3011-002	Plain, 25 x 75 mm	25 gross
3054-002	Plain, 25 x 75 mm, packaged with five gross inner packs	25 gross
3048-002	Plain, 3" x 1", 1.2 mm thick	25 gross
3021-002	Plain, 50 x 75 mm, 1.2 mm thick	12 gross
3061-002	Plain with beveled edges, 3" x 1"	25 gross
3057-002	Plain with beveled edges, 25 x 75 mm	25 gross
RITE-ON™ FROSTED SLIDES		
3051-002	Rite-On white epoxy ink frosted end, 3" x 1"	25 gross
3050-002	Rite-On white epoxy ink frosted end, 25 x 75 mm	25 gross
3055-002	Rite-On white epoxy ink frosted end, 25 x 75 mm, packaged with five gross inner packs	25 gross
3049-002	Rite-On white epoxy ink frosted end, 3" x 1", 1.2 mm thick	25 gross
3017-002	Rite-On double sandblast frosted ends, 3" x 1"	25 gross
3052-002	Rite-On double sandblast frosted ends, 3" x 1", 1.2 mm thick	25 gross
3062-002	Rite-On double sandblast frosted ends with beveled edges, 3" x 1"	25 gross
3058-002	Rite-On double sandblast frosted ends with beveled edges, 25 x 75 mm	25 gross
ULTRAFROST™ FROSTED SLIDES		
3056-002	UltraFrost white epoxy ink, frosted end front with <i>Gold Seal</i> printed key - sandblast frosted end back, 25 x 75 mm	25 gross
3063-002	UltraFrost white epoxy ink frosted end with <i>Gold Seal</i> printed key, 25 x 75 mm	25 gross
3064-002	UltraFrost white epoxy ink frosted end with <i>Gold Seal</i> printed key and printed patient information lines, 25 x 75 mm	25 gross
FROSTED CYTOLOGY SLIDES		
3031-002	Fully-sandblasted, frosted one side, 3" x 1"	25 gross
FLUORESCENT ANTIBODY SLIDES		
3032-002	White epoxy ink frosted end with two 10 mm diameter circles, 3" x 1", 1.2 mm thick	25 gross
ULTRAFROST SLIDES WITH ULTRASTICK™ ADHESION PROPERTIES		
3039-002	UltraFrost white epoxy ink frosted end with UltraStick adhesion, 25 x 75 mm (Designed for Histology & Cytology specimen adhesion)	10 gross
